Elizabeth Reynolds asked if a permit was required to change the façade in a Historic Preservation District. Mayor Smith will review the Historic Preservation Law.

Steven St. Claire asked the Board to pass a law prohibiting anyone from operating a business on a property that is not on the tax roll. He also stated that if you connect water to this property and the bill doesn't get paid it can't be collected as a relevy on a tax bill. He also stated that there is no control of further contamination.

Elizabeth Reynolds stated that she like the improvements being made on the Martel Property. She feels the improvements are better than letting the building sit and rot until it falls down.

May 16, 2017 Regular Meeting Continued

Mayor Smith stated that NYS Dept. of Environmental Conservation sent a report to the Village stating that the Martel property was cleaned of contamination in 2010 as best as it could without removing the building and tearing up Poultney Street. NYS DEC has signed off on the Spill Order for this property. The property is not on the tax roll because Washington County will not foreclose on the property and give a clear title. Mayor Smith stated that he is not ignoring the issue and that violations have been issued by Zoning Officer Peter Telisky. Ken Bartholomew suggested a Payment in Lieu of Taxes (PILOT) program instead of paying taxes for this property. Mayor Smith has contacted Attorney Sellar Ryan regarding this suggestion. Attorney Sellar Ryan is looking into this but is not sure if this property would qualify for a PILOT.

Brenda Redford asked for an extension beyond the June 1st deadline to remove the camper from the property on Skenesborough Drive. She is waiting for power to be installed at the new location and is not sure if they can meet the deadline. Trustee Austin stated that ample time was given to remove the camper from this property and does not want to grant an extension. Mayor Smith suggested moving the camper temporarily to the campground on Lower Main Street. Ms. Redford stated that this would be an extra cost that she can't afford.

Motion made by Mayor Smith, seconded by Trustee Watson to adjourn the meeting at 7:17PM,
all voting in favor,

CARRIED
